

## Getting Started with Smart Laundry

**Q: What is WASH-Connect?**

A: WASH-Connect is WASH's proprietary app and was specially created for the laundry experience. WASH-Connect is a one-stop-shop for mobile payments, service requests, refund requests, and more. It's convenient, secure, easy-to-use and can be downloaded for free from the App Store or Google Play.

**Q: Is WASH-Connect secure?**

A: Yes, WASH-Connect mobile payments are completely secure. Credit card information is never stored in the app and your data is kept completely confidential. Plus, mobile payment with WASH-Connect offers extra layers of security by removing cash from your property, which reduces the risk of theft and vandalism.

A: You can purchase a new laundry card for \$10 from the kiosk. Please note that new laundry cards purchased from the kiosk contain a balance of \$0 and will need to be loaded with funds once purchased.
